

Measuring our Corporate Social Responsibility

We took a look at how Peel Land and Property has invested in local communities, our own people and the environment in the 2017/18 financial year and these are some of the things we found:

80%

of Peel L&P employees live 20 miles or less from their workplace

25 
new jobs were created at Peel L&P

1596 hours of training were given to Peel L&P employees

Over £10 million

was spent with Merseyside companies

Over £116 million

was spent with Greater Manchester companies

111 Peel L&P employees

chose to participate in a free health assessment

We generated over **137,000 MWh** of renewable energy

We've reduced water usage

by over **11%** across selected sites

Almost £250,000

of in-kind donations

Over £690,000

of cash donated

We have achieved our **3% energy reduction target 4 years in a row** (cumulative 3% per annum target against a 2013-2014 baseline)
